

AN EVENT FOR EVERYONE

**'MOVING PLANET' IS SOMETHING WE CAN ALL PARTICIPATE IN
YOUNG AND OLD, RICH AND POOR – THROUGH OUR SCHOOLS,
PLACES OF WORSHIP, CONSERVANCIES, CULTURAL & SPORTS CLUBS...
ON EVERYTHING FROM WHEELCHAIRS TO SKATEBOARDS!
*JUST NO FOSSIL FUELS!***

*The UN Climate Change Convention, COP17, is taking place in Durban in December
It is THE most crucial UNFCCC Conference to date, with 2012 marking the end
of the Kyoto Accord, and no meaningful action yet taken at the previous sixteen...
even though we were in 'the eleventh hour' at least 5 years ago!*

'Moving Planet' is a worldwide rally to find solutions to the climate crisis.
Globally, **SEPTEMBER 24** will be the day to put into action our demand for a future free from
dirty energy and dangerous climate change – a day to move beyond fossil fuels and figure out
the most meaningful ways to make the climate message move, literally!

On bicycles or by marching, walking, dancing, running, canoeing, skateboarding ... using our
hands, our feet, our hearts *and* our heads to spur real change! *EVERYONE* can contribute to
this campaign in their own way, large or small and help build the movement!

To register your event with 350.org International

Go to: <http://www.moving-planet.org/>

Also visit 350.org DURBAN on Facebook

*Notify us of your event, stay informed about climate change news and action,
locally and globally, tell us about your ideas and suggestions –
we would love to hear from you!*
